Education

2016–2020 **Undergraduate**, Mathematics, with a Minor in Computer Science and Education, Ithaca College, Ithaca, NY.

Scholastic and Curricular Achievements

Fall 2016 Dean's List

Spring 2019 Dean's List

Fall 2019 Noether Award in Mathematics

Employment History

2011 - 2015 CIT at Coddington Road Community Center

Coddington Road Community Center provides a day program for children from age 5-13 over the summer that provides an outdoor experience, with activities including field games, arts and crafts and the exploration of the outdoors. In this position, my activities included:

Provide additional support for counselors with supervising children, finishing tasks, and running activities.

Responsible for cleaning bathrooms, preparing snacks, and opening/closing pavilions.

2016 - 2019 Summer Camp Counselor at Coddington Road Community Center

Coddington Road Community Center provides day program for children from age 5-13 over the summer that provides an outdoor experience, with activities including field games, arts and crafts and the exploration of the outdoors. In this position, my activities included:

Lead Counselor for children ages 7-10, often solely responsible for children while participating in activities.

Responsible for leading activities, planning schedules, communicating with parents, and ensuring child safety at all times.

August 2018- Afterschool Teacher at Coddington Road Community Center

January 2020 Coddington Road Community Center provides an afterschool program for elementary aged children during the school year that provides an indoor and outdoor experience, with activities including field games, arts and crafts, homework help, and the exploration of the outdoors. In this position, my activities included:

Teacher for children aged 5-10, often solely responsible for children while participating in activities,

Responsible for cleaning bathrooms, preparing snacks, and planning activities, and homework help.

June 2020 - Junior Full Stack Developer at Mezmeriz

July 2021 Mezmeriz is a venture start-up company developing hardware and software for streamlined 3D modeling and object tracking, as well as a fully web application with project organization features targeted at large building companies. In this position, my responsibilities included: Working in a robust agile development team using Angular and NodeJs to add new features to the web application - including a file management system with a robust drag and drop

Course Projects

Summer 2019 Fractal Research

Prof. David Brown, Department of Mathematics, Ithaca College

menu, full admin management page, notification system, and more.

Fall 2019 Indra's Pearls Capstone Project

Prof. Teresa Moore, Department of Mathematics, Ithaca College

Technical Skills

Languages Javascript, Typescript, HTML, CSS, Python, Java, C, C++

Frameworks Angular, React, NodeJs

Software MS Word, MS Excel, MS Powerpoint, Adobe Photoshop

Databases MongoDB, PostgreSQL

Other AWS, Command Line

Coursework

Core Calculus III, Discrete Mathematics, Linear Algebra, Modern Geometry, Abstract Algebra, Mathematics Real Analysis, Complex Analysis, Capstone in Math I, Capstone in Math II, Probability, Courses Combinitories and Craph Theory

Courses Combinitorics and Graph Theory

Core Principles of Computer Science I, Principles of Computer Science II, Introduction to Data Computer Structures, Computer Networks, Database Systems, Machine Learning, Algorithms and Science Data Structures, Introduction to Computer Organization and Systems

Classes
